ZAPPA stewart

FAST-ACTING | WATER-BASED PAINTS

Turn leftover paint into manageable waste.

ZapZorb rapidly hardens water-based paint, helping simplify handling and disposal.

UP TO 2/3 GALLON

HARDENED BY ONE 3.5 OZ (99.2 G) PACK

A simpler way to manage leftover paint

Water-based paint
Designed for latex and other water-based paints.

Works fast
Rapid absorption and solidification help save time.

Easy to use
Low-dust, non-toxic formula; no special PPE required.*

High absorption
Proprietary superabsorbent polymer blend.

Three easy steps

1. **ADD** — Pour contents into latex paint.
2. **STIR** — Mix until the paint is thick.
3. **DISPOSE** — Follow local regulations.

Make paint disposal easier.
